An act to amend Section 345 of the Water Code, relating to the Department of Water Resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 1200, as introduced, Ma. Department of Water Resources: state-constructed water projects: recreation development.

Existing law requires the Department of Water Resources to plan recreation development associated with state-constructed water projects and to acquire land necessary to implement and execute plans for that development pursuant to legislative authorization. Existing law authorizes the department, in carrying out those duties, to enter into contracts, leases, and agreements with state agencies, the federal government, local public agencies, and other persons.

This bill would make technical, nonsubstantive changes to these provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
